Tools

- Github
- Trello
- Node.JS
- Stormpath API
- mySQL
- Heroku
- Mapbox
- Express
- PHP Storm IDE

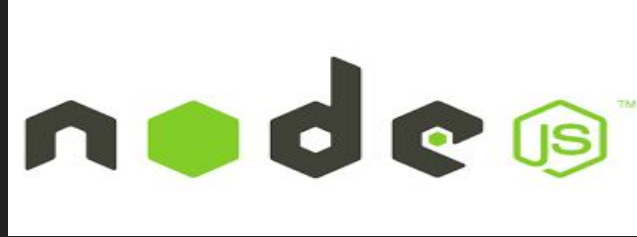

- Github ★★★★★
 - Used for Repository
 - Easy to use and familiar

- Trello ★
 - Used for Project Planning
 - Didn't use it as much as group messaging

- Node.JS ★★ ★
 - Framework

- Stormpath ★ ★
 - Login Authentication

- Heroku ★★★★★
 - Deployment

- mySQL ★★★
 - Used for our database to store classes

- Mapbox 
 - Creation of map

- Express
 - Node.js web app framework

Agile

- Allowed us to try and get user stories completed in a timely manner
- Tested each part individually and combined at the moving pieces at the end.

ILLUSTRATED BY SQUE TECHNOLOGIES

- PHP Storm IDE
 - Easy Use
 - Very organized

Challenges

- Nobody really knew node.JS
- Stormpath was really buggy
- Underestimated combining all the pieces
- Communication
- Time Management
